

Future Ground Mobility Panel

Date	Time	Location
March 6, 2019	16:00 - 16:45	CityCube Berlin, Auditorium A1

Transport systems at a turning point: Autonomous means of transport and the digital revolution, business models and mobility platforms for sharing, electric power systems, minibuses, rental bicycles, cable cars, etc. – we are entering a new age of mobility. Is the traffic collapse in cities avoidable? What are the consequences for business and leisure tourism? What should cities and rural areas with tourist attractions do now to make their transport systems fit for the future?
