Felizitas Denz

Felizitas Denz, since 2012 at the east Hotel. After her education at the SIDE Hotel Hamburg she started at the Reservations Department at the east Hotel. After a short break in Australia she became Front of House and Revenue Manager at the east Hotel. 2015 she explored the World with the MS Europa but then she felt homesick and started again as Performance Manager at the east Hotel.

The east Hotel has been the prime spot for chic accommodations, artisan dining, and vibrant nightlife ever since opening its doors in 2004. Situated in the legendary district of St. Pauli, the east attracts designers, gourmands and tourists from all around the world, marveling at its uniqueness and exceptional cuisine. The warm welcomes and tranquil, spacious rooms established east as the home away from home, a true harbor of mind.
